## Message In A Bottle

Following the Re Launch of this simple yet effective scheme may we remind those who already use it to check their bottles making sure that their information is up to date and the bottle is still in the fridge!

This scheme is a national one, simple to activate and has been known to save lives. The small bottles contain vital information about those who have a medical illness or disability such as GP, medical history, emergency contact numbers and a list of medication. Professional attendants like Ambulance crew, Police and On Call Doctors know of this scheme and will activate it if they are called to the home and there isn't anyone to answer these questions accurately. We have a large stock of bottles for your use so if you wish to know more or want a "Message In The Bottle" then give us a ring 01883 745057

## Motorised Scooters

The DVLA are now registering all Class 3 vehicles this includes motor scooters that can travel up to 8mph. All owners should have received forms from the DVLA. For more information contact the Society Helpline on 0808 800 0303

## Blue Badge Scheme.

There has been a change to this scheme which means that children under 2 with specific medical conditions can now qualify for a blue badge if they need a car nearby for particular treatment or equipment. We have application forms; please ring us on 01883 745057 if you need one.

## Benefit Review

Is the person you are Caring for on the correct level of benefit or do they now qualify for benefit?

Tom and Theresa are happy to offer an Update and Review service to all those who wish it. Give us a ring and have an informal chat so we can clarify the situation and make a date to apply on your relative's / friends behalf. If you believe that they now qualify for Disability Living Allowance (for the under 65's) or Attendance Allowance (for those over 65 years) we can help you complete the application pack. Give us a ring and let us know. **01883 745057**
